3. Call for bids to be received on June 12, 2007.
4. Instruct the Executive Officer of the Board of Supervisors to advertise the project and seal and return the plans and specifications to Public Works for filing.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

This action involves contracting for the reconstruction of an existing bike trail and installation of striping and pavement markings.

This project is part of Public Works' ongoing program for the maintenance and construction of bike trails along flood control channels.

### **Implementation of Strategic Plan Goals**

This project is consistent with the County Strategic Plan Goal of Service Excellence since it will provide improved bikeway facilities for cyclists and pedestrians.

### **FISCAL IMPACT/FINANCING**

The estimated construction cost is in the range of \$255,000 to \$300,000.

Funding for this project is included in the proposed Fiscal Year 2007-08 Proposition C Local Return Fund (CN9) Budget, which will be reimbursed entirely from the Transportation Development Act, Article 3, Bikeway Funds (CN1). Transportation Development Act (TDA), Article III, funds are State block grants awarded annually to local jurisdictions for bicycle projects in California. These funds originate from the State gasoline tax and are distributed to local jurisdictions including Los Angeles County Department of Public Works based on population.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The enclosed plans and specifications include the contractual provisions, methods, and material requirements necessary for this project. The contract agreement will be in the form previously approved by County Counsel.

As required by your Board, language has been incorporated into the project specifications stating that the contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws.

## **ENVIRONMENTAL DOCUMENTATION**

The California Environmental Quality Act requires public agency decision makers to document and consider the environmental implications of their actions. The proposed project is categorically exempt pursuant to Class 1 (f) of the Environmental Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, and Section 15301 (c) of the California Environmental Quality Act guidelines.

## **CONTRACTING PROCESS**

This project will be contracted on an open competitive bid basis. The contract will be awarded to the lowest responsible bidder meeting the criteria established by your Board and the California Public Contract Code.

To increase contractor awareness of our program to contract work to the private sector, this project will be listed on the County website for upcoming bids.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report False Claims Act violations, labor law/payroll violations, debarments, civil litigation history, and prior criminal convictions. The information reported will be considered before making a recommendation to award.

The project specifications contain provisions requiring the contractor to (1) comply with the County's Child Support Compliance Program, (2) report solicitations of improper consideration by County employees and allowing the County to terminate the contract if it is found that the contractor offered or gave improper consideration to County employees, (3) comply with the requirements of the County's Contractor Employee Jury Service Program, and (4) comply with the Newborn Abandonment Law (Safely Surrendered Baby Law).

The project specifications also contain a provision that, should the contractor require additional or replacement personnel to fill employment openings, consideration shall be given to hiring qualified participants in the County's Greater Avenues for Independence or General Relief Opportunities for Work Programs.
